PROFILE

Experienced Software Developer adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Proficient in various platforms, languages, and embedded systems. Experienced with the latest cutting edge development tools and procedures.   Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

EMPLOYMENT HISTORY

Front end Developer, Valiant Health   Texarkana, Tx

Feb 2023 — Present

- Implemented a single-page application using React and Redux that improved overall performance and usability
- Utilized version control systems such as Git to manage code changes and collaborate with other developers
- Developed a custom theme for a content management system (CMS) that improved the look and feel of the website

Full Stack Developer, Freelance   Remote

Jun 2022 — Present

- Implemented a Responsive Design that allowed the application to be used on various devices with the same user experience
- Utilized serverless architecture to reduce costs and improve scalability
- Utilized a NoSQL database to store and retrieve large datasets efficiently

T1 Mac OS Advisor, Apple   Remote

Jul 2021 — Mar 2022

- Identified and escalated major technical issues to engineering for resolution
- Maintained and updated customer support databases with accurate and up-to-date information
- Delivered technical training to customers, resulting in improved user adoption of products

NOTABLE PROJECTS

ShortStack   Full Stack

Deployed Application: https://shortstack.vercel.app/

Link to Github: https://github.com/KodaCaleb/ShortStack

- Used React, Tailwind, Firebase, and Google Cloud Platform to craft a social media platform that allows users to post short form video content marketed towards software developers.
- Worked with a small team, practicing Agile methodologies in order to complete this project in under two weeks.

KodaCaleb.dev   Full Stack

Deployed Application: https://KodaCaleb.dev

Link to Github: https://github.com/KodaCaleb/calebrussette

- Created with React, TailwindCSS, FormSpree, React Transition Group, Framer Motion.
- Implemented dynamic data objects for easy updating, adding and deleting of objects within my portfolio.
- Followed modern web design principles for a clean, sharp, and completely original portfolio website.
